

Your Healthcare Home

HELPING YOU ACHIEVE YOUR
HEALTH AND WELLNESS GOALS

We believe that helping people lead healthier lives can greatly reduce the negative impacts of living with long-term mental illness, substance use and medical conditions. That is why MO HealthNet is collaborating with Community Mental Health Centers to serve as Healthcare Homes.

A Healthcare Home is not a place of residence. It is a place where individuals receive higher quality of care and achieve healthier outcomes. These services are covered under your current MO HealthNet plan, so there is no charge to you.

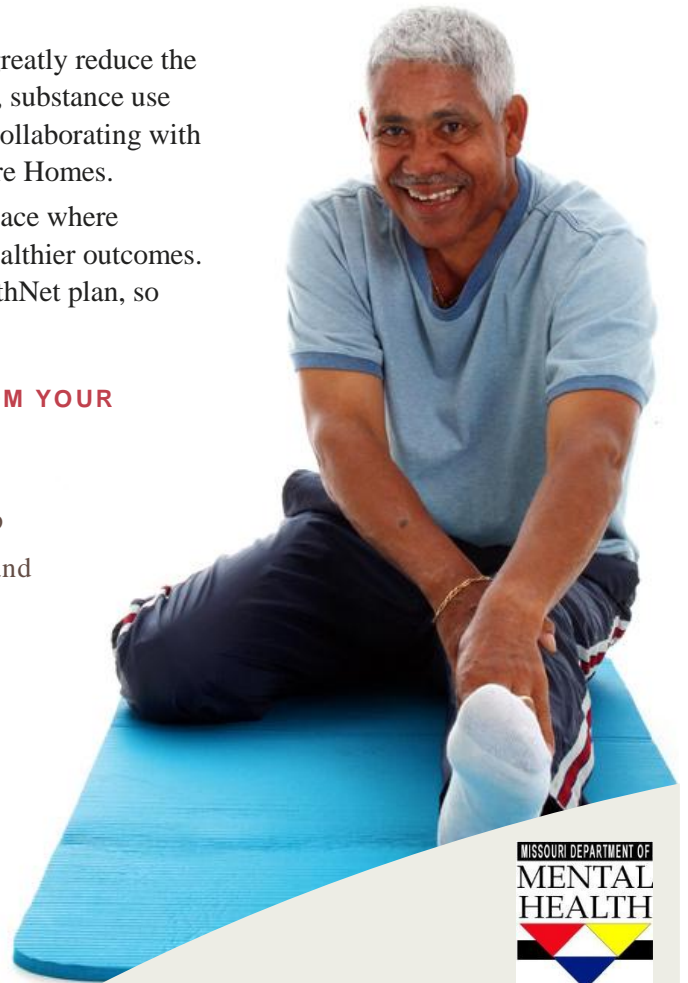

**YOU CAN BEGIN RECEIVING SERVICES FROM YOUR
HEALTHCARE HOME TODAY!**

- A Nurse Care Manager is available to help you identify and achieve your healthcare and wellness goals
- Assist in helping you manage your health conditions
- Help you access a family doctor and other medical care providers
